- Full Stack Development
- Agile Software Development

Austin Collie

Full Stack Developer

Profile

I am a Full-Stack Web Development with over 8+ years of experience and a deep passion for programming.

Creative, Innovative, Highly Motivated Full-Stack Web Developer who loves to learn new technologies and creatively solve problems

My attention to detail and perfectionist attitude has always helped me do my job effectively and efficiently. I'm a full stack, polyglot developer who is constantly learning how to make web/hybrid apps faster, leaner, and perfectly designed.

Summarizing my experience and skills, I have worked as a Software Engineer with more than 8 years of solid experience in IT, focusing principally on full-stack development using Javascript, PHP, and Javascript frameworks.

Work Experience

FULL STACK DEVELOPER
